## Sunday, March 5

- **6:00 pm**
  - Maternal Morbidity Opportunities & Challenges
    - Larry Shields, MD
    - Williamson

- **8-9 pm**
  - Tennessee Mother’s Milk Bank
    - Franklin

## Monday, March 6

### Registration
- 7:30-8:30 am
- Welcome & Opening Remarks
  - Brenda Barker, MBA, M.Ed, Peter Grubb, MD
  - Salon 1-5

### Workshops

1. **Breastfeeding in Special Circumstances**
   - Anna Morad, MD, Karen Schetzina, MD
   - Franklin

2. **Obstetric Hemorrhage**
   - Larry Shields, MD, Cathy Ivory, PhD & Connie Graves, MD
   - Palomino

3. **Getting Ready For Neonatal Episodes of Care**
   - Peter Grubb, MD, Vaughn Frigon, MD, Erika Edwards, PhD, MPH, Morgan McDonald, MD
   - Salon 1-5

4. **Provider/Family Engagement**
   - Chrissie Blackburn, MHA
   - Williamson

5. **The Basics of QI for the Bedside Nurse**
   - Susie Leming-Lee, DNP & Terri Crutcher, DNP
   - Salon 7

### Poster Session (Wine and Cheese Reception)
- 4:30-5:30 pm
- Salon 8-10

### Lunch
- 1:00-2:20 pm
- Stave Restaurant

### Workshops

1. **Alliance for Innovative on Maternal Health**
   - Catherine Ivory, PhD
   - Williamson

2. **Getting the Most from your Vermont Oxford Network Data and Nightingale Reports**
   - Erika Edwards, PhD, MPH
   - Palomino

3. **Antibiotic Stewardship**
   - Faouzi Maalouf, MD, Keri Lattimore, MD
   - Franklin

4. **NICU Nutrition**
   - Reddy Dhanireddy, MD, Tami Wallace, DNP
   - Salon 1-5

### Poster Session (Wine and Cheese Reception)
- 5:30-7 pm
- Franklin

### Oversight Meeting (Oversight Members Only)
- 6-8 pm
- Palomino

## Tuesday, March 7

### Registration
- 7-7:30 am

### Opening Remarks
- 7:30-7:45 am
- Salon 1-5

### Innovation in Perinatal Collaboration in Tennessee Panel:
- 7:45 -8:30 am
- Maternal Mortality Review - Ashley Jeans, MPH & Econometric Evaluation of Early Electric Delivery Initiative- Michael Thompson, PhD, Moderator: Morgan McDonald, MD
- Salon 1-5

### Workshops

1. **Alliance for Innovative on Maternal Health**
   - Catherine Ivory, PhD
   - Williamson

2. **Getting the Most from your Vermont Oxford Network Data and Nightingale Reports**
   - Erika Edwards, PhD, MPH
   - Palomino

3. **Antibiotic Stewardship**
   - Faouzi Maalouf, MD, Keri Lattimore, MD
   - Franklin

4. **NICU Nutrition**
   - Reddy Dhanireddy, MD, Tami Wallace, DNP
   - Salon 1-5

### Lunch with Oversight Members, TIPQC State of the Collaborative & Project Straw Poll
- 12:30-2 pm
- Salon 6

### 17 P & LARC Meeting Workgroup
- 2-5 pm
- Williamson

### Tennessee Breastfeeding Strategic Planning Workgroup
- 2-5:30 pm
- Franklin
Erika Edwards, PhD, MPH is a Research Assistant Professor in the Mathematics and Statistics Department at the University of Vermont, supporting the Vermont Oxford Network. As Director of Data Science, she oversees data collection and validation processes, reporting, and research.

Stephen Patrick, MD, MPH, MS is an Assistant Professor of Pediatrics and Health Policy at Vanderbilt University School of Medicine and an attending neonatologist at Monroe Carell Jr. Children’s Hospital at Vanderbilt. He is a graduate of the University of Florida, Florida State University College of Medicine and Harvard School of Public Health. Dr. Patrick was a Robert Wood Johnson Foundation Clinical Scholar at the University of Michigan, as well as the Senior Science Policy Advisor to the White House Office of National Drug Control Policy and serves on the Substance Abuse, American Academy of Pediatrics (AAP) and Mental Health Service Administration, as a member of the AAP Committee on Substance Abuse and as a board member on the US Office of Personnel Management’s Multi-State Plan Program Advisory Board. Dr. Patrick’s research has been published in the New England Journal of Medicine, JAMA, Pediatrics and Health Affairs.

Tamara Wallace, DNP is a Neonatal Nurse Practitioner at Nationwide Children’s Hospital, and the Neonatal Allied Health Practitioner Education and Development Specialist. Tami has practiced in the NICU for over 30 years and as an NNP for over 20 years. She has served as a staff nurse, preceptor, transport clinician, unit manager, research study project coordinator, ECMO specialist, clinical educator, national lecturer, and quality improvement specialist. She serves as a member of the Governing Council of the National Association of Neonatal Nurse Practitioners (NANNP) and a site surveyor for the American Academy of Pediatrics’ (AAP) NICU Verification Project. Her doctoral capstone project examined the use and safety of feeding tubes in VLBW infants.

Nikki Zite, MD, MPH graduated from Northwestern University, completed her residency at UT Memphis, and received her Master’s in Public Health from The University of Illinois, Chicago. Dr. Zite is the Professor and Residency Director for OB/GYN at UT Knoxville. She is the Secretary of the Board of Directors for the Society of Family Planning, a member of the ACOG LARC workgroup, and on an International Advisory Board to increase worldwide utilization of Intrauterine Contraception to decrease undesired pregnancy and empower women.

Michael Thompson, PhD is a postdoctoral Fellow in Health Services and Policy Research in the Department of Preventive Medicine at the University of Tennessee Health Science Center. He received his PhD in Epidemiology from Michigan State University in 2015. His research focuses on evaluating the intended and unintended effects of health policy and changes in clinical practice on population health.

Stephen Loyd, MD is an Internal Medicine physician and the Tennessee Department of Mental Health and Substance Abuse Services Medical Director for the Division of Substance Abuse Services. “Over the course of roughly ten years, my focus as a physician shifted to the disease of addiction,” said Dr. Loyd. “My own experience helped me connect with people who I would have never been able to reach if it was not for my own experience. The more we can bring addiction out of the shadows, the more people and families will be healed.”

Larry Shields, MD is the Director of Maternal Fetal Medicine at Marian Regional Medical Center in Santa Maria, California. He completed his medical degree and residency at the University of Texas Health Science Center, San Antonio, and his fellowship in Maternal Fetal Medicine at the University of California San Diego. After serving on the faculty at the University of Washington in Seattle for 13 years, Dr. Shields relocated to California in 2006. Dr. Shields has been an active participant in the California Maternal Quality Care Collaborative serving as a review member on the PAMR committee, as member of the Hemorrhage Task Force, and is co-chair of the Preeclampsia Task Force. He also serves as co-chair of the Dignity Health Patient Safety Improvement Coalition and is a member of the Society of Maternal Fetal Medicine Committee on the Patient Safety and Quality Committee.

Ashley Jeans, MPH, BS is the Program Director of the Maternal Mortality Review (MMR) Program, which is housed in the Division of Family Health and Wellness at Tennessee Department of Health. Ashley received her Master’s of Public Health from The Ohio State University and her bachelor’s degree in Health Sciences from Tennessee State University. Prior to returning to the Department of Health in January, Ashley enjoyed a brief career as a Consumer Safety Officer with the U.S. Food and Drug Administration. She previously was the Tennessee Department of Health Child Fatality Review Coordinator.

Ashraf Hamdan, MBBC, MSc, MRCP, MD is an Adjunct Associate Clinical Professor at Vanderbilt University. He is employed by MEDNAX and is the Medical Director of the Stonecrest NICU. He graduated from Alexandria University Medical School in Egypt, completed his residency at Registrar and Senior Registrar in Liverpool, UK, and an additional residency and Fellowship at Vanderbilt University Medical Center. Dr. Hamdan has numerous publications.
Morgan McDonald, MD is the Assistant Commissioner and Director for the Division of Family Health and Wellness in the Tennessee Department of Health. Trained in Internal Medicine and Pediatrics, Dr. McDonald’s background is as a primary care physician in vulnerable communities. Dr. McDonald currently facilitates prevention efforts across the state including WIC services, Chronic Disease Prevention, Early Childhood Initiatives, Injury Prevention, Perinatal Regionalization, Newborn Screening, Children’s Special Services, and Women’s Health/Family Planning programs.

John Dreyzehner, MD, MPH, FACOEM is the 13th Commissioner of the Tennessee Department of Health. Dreyzehner graduated from the University of Illinois at Champaign-Urbana, with a B.S. in psychology. He earned his M.D. from the University of Illinois at Chicago and Master of Public Health degree at the University of Utah, completing his residency, and served as chief resident at the Rocky Mountain Center for Occupational and Environmental Health. Dreyzehner served as a US Air Force flight surgeon in the 94th Fighter Squadron as well as Chief of Aeromedical Assessment for Air Combat Command. Dreyzehner has more than 25 years of service in clinical and public health leadership at the federal, state and local levels. He is a Fellow of the American College of Occupational and Environmental Medicine, and holds appointments as adjunct faculty and professor (Hon.) with East Tennessee State University's College of Public Health, founding faculty of the Healthy Appalachia Institute and formerly visiting assistant professor of public health at the University of Virginia.

Vaughn Frigon, M.D. Medical Director, TennCare graduated from the United States Military Academy at West Point, and served in the U.S. Army. He fought in the Persian Gulf War and was awarded the Bronze Star for Valor. Vaughn graduated from the University of Tennessee College of Medicine in Memphis, completed a General Surgery internship and was the Chief Resident in Orthopedic Surgery at Tulane University Medical Center in New Orleans, as well as a Masters in Healthcare Management from Vanderbilt University Owen Graduate School of Management. Dr. Frigon is Board Certified by the American Board of Orthopedic Surgery. Vaughn started Logos Medical Institute, a successful Medical Consulting business and was the Vice President and Medical Director of Unum Insurance, prior to his role at TennCare.

Laurie DeSantis, CNM, is the Quality and Safety Advisor for Women’s Health at Vanderbilt University Medical Center and is the Project Manager for the TIPQC Obstetric Hemorrhage Project. Laurie received her Bachelor of Science in Nursing from Clemson University in 1995 and has worked as both a Labor and Delivery nurse and Mother-Baby nurse. She received her Master of Science in Nurse-Midwifery in 2005 from University of Maryland and practiced as a Certified Nurse Midwife for 10 years before entering her current position with Quality and Safety.

Chrisie Blackburn, MHA is a nationally recognized patient and family engagement expert in healthcare. After volunteering as a patient and family advisor for many years, in 2014 she became the Principal Advisor of Patient and Family Engagement for the University Hospitals Health System in Cleveland, Ohio. Chrisie served on the CMS Partnership for Patients Campaign’s Patient and Family Engagement Network and co-led the PFE Best Emerging Practices and Success Stories affinity group. She participates on the Solutions for Patient Safety’s Family Engagement Task Force, the Children’s Hospital Association’s Speak Now for Kids Advisory Board, the OHA’s Ohio Patient Safety Institute Board, the National Coordinating Council for Medication Error Reporting and Prevention, has participated with the IOM’s Care Culture roundtable, and the National Patient Safety Foundation’s Certification for Professionals in Patient Safety job analysis board. She graduated from Bowling Green State University and received a Masters of Health Care Administration from the University of Phoenix.

Ramasubbareddy Dhanireddy, MD, is the Sheldon B. Korones Endowed Professor and Chief, Division of Neonatology, The University of Tennessee Health Science Center. He serves as the Medical Director of the NICUs at Regional Medical Center and Le Bonheur Children’s Hospital. Dr. Dhanireddy has been a practicing academic neonatologist for more than 30 years and is board certified in neonatal-perinatal medicine and pediatrics. He has published more than 50 research articles, several book chapters, served as principal and co-principal investigator in several research studies. He also has received numerous awards and honors including being named among the best doctors in America by Best Doctors, Inc., 2007-2015 and also named as one of America’s Top Pediatricians, 2008-2015. He also serves as a TIPQC Oversight Committee Member.
Which workshop is right for you?

1. **Breastfeeding in Special Circumstances**: Do you know the medical indications for a mother not to breastfeed? Learn best practices on Breastfeeding and even discuss a possible TIPQC Wave 3 Breastfeeding Project, plus catch up with your peers from Wave 2 BF Project.

2. **OB Hemorrhage**: Our teams and invited guests will discuss successes and next steps for recognizing and responding to OB hemorrhage.

3. **Getting Ready for Neonatal Episodes of Care**: Nursery and NICU leaders will want to attend this workshop to learn more about TennCare’s value based initiative for infants in Tennessee, the role of Quality Improvement work in this new program, and opportunities to minimize the data burden of participation in your center.

4. **Provider/Family Engagement**: Do you need to jump start your Patient & Family Engagement (PFE)? Come learn from national and local experts.

5. **QI for Bedside Nurse**: Quality Improvement (QI) made practical and fun for all bedside providers, with a special focus on nursing!

6. **Alliance for Innovation in Maternal Health (AIM)**: Come and learn about this comprehensive national strategy to reduce severe maternal morbidity.

7. **Getting the Most from your VON Data & Nightingale Reports**: Participants will increase comfort with navigating VON reporting tools; learn how to interpret Group performance compared to Network, and Center to Group and Network; and learn how to interpret unadjusted and risk-adjusted performance of Centers within the Group.

8. **Antibiotic Stewardship**: 2016 & 2017 VON iNICQ teams will discuss progress and challenges addressing antibiotic stewardship in their local NICUs and nurseries. Discussion will include data collection, 2016 VON Day Audit results, lessons learned, and focused plans for the 2017 collaborative.

9. **NICU Nutrition**: Current TIPQC NICU Nutrition teams will discuss progress and concerns sharing local team posters, implementation strategies, lessons learned and future course of action.
