**Nutrition In NICU**

Ashraf Hamdan, MD, FAAP  
On Behalf Of NICU Staff  
Tristar Centennial

**Extrauterine Growth Restriction**
- Common in very preterm infants
- Protein and energy deficit
- Increased risk of poor neurodevelopmental outcome
- Inadequate postnatal nutrition is an important factor contributing to growth failure

**How To Solve The Problem?**
- **AVOID** Inadequate postnatal nutrition
- Adequate early parenteral nutrition
- Early feeding

**Challenges**
- PT infant
- Best practice
- Staff: Physician, NNP, Nurses
- Documentation
- Pharmacy

**Successes**
- Feeding protocol and standardization
- Staff: Physician, NNP, Nurses
- Documentation
- Pharmacy

**Team Acknowledgment**
- NNP
- NICU staff
- Physicians
