

BEST FOR ALL QI PROJECT

WHAT?

Improve outcomes for all moms and babies in TN by promoting respectful care for all patients.

HOW?

Implement 90% of key process and structure measures and demonstrate a 10% improvement in patient satisfaction scores for ALL families.

WHO?

Pregnant and postpartum moms and their infants

WHEN?

Now through August 2026

WHY?

Tennessee continues to have differences in care across patient characteristics in both maternal and infant outcomes.

WHERE?

Participating Tennessee birthing and children's hospitals and communities

TIPQC

Tennessee Initiative for
Perinatal Quality Care
