

Supporting Rural Hospitals

\$50,000 Annual Grants

By awarding yearly grants to rural hospitals, TIPQC will support eligible hospitals in quality improvement work with workforce development and IT solutions, specialized training, local metrics, and individualized coaching.

Participating hospitals will:

- Receive \$50,000/year to appoint or hire a local QI Scholar to lead quality improvement work at their facility
- Participate in TIPQC QI Project(s)
- Attend specialized training and coaching, such as QI Fundamentals, Advanced QI, 6 Week QI Bootcamp, Presentation Skills, and more!
- Receive IT Support to integrate best practices into workflows
- Engage patients, families, and the community in improving care
- Improve outcomes for moms and babies using evidence based solutions.

Reach out to Brenda.Barker@TIPQC.org for more details.
